Landowner(s) acknowledge that the Pennsylvania Department of Agriculture and the Westmoreland County Agricultural Land Preservation Program requires that the landowner must provide compensation to owners of surface-mineable coal disturbed or affected by the creation of such easement, according to Section 14, 1 (e)1 of the Agricultural Area Security Law.

The application will be processed using information available at the time and date the farm is ranked. This data will apply for that ranking year. If you, the applicant, decide to alter the application from the manner in which it was ranked for that calendar year, you must withdraw the application until the next round of applications are accepted. If you, the applicant, decide to withdraw the application, or change the acreage to be included after an Appraisal Report has been completed, you may be responsible for costs related to the board's selection of the site, including appraisal costs, survey, or other incidental costs related to the acquisition process.

VII. Signature(s)

The Pennsylvania Department of Agriculture, Bureau of Farmland Preservation requires all farmland owners to give their approval and consent to this application, including authorization to review conservation plans and nutrient management plans, if applicable.

"I, _____ (owner of the above farm tract), hereby, authorize the Conservation Plan preparer to release copies of the Conservation Plan and Nutrient Management Plan (Act 6, if applicable), to the County Agricultural Land Preservation Board and the Pennsylvania Bureau of Farmland Preservation as required under Act 43 criteria for easement purchase."
